BELIEVED THAT SUSPECT WAS PREPARING TO ATTACK PRESIDENT TAFT AT PORTLAND.

SUSPECT WAS HEAVILY ARMED

Man's Queer Actions as Taft Climbed into Automobile at Portland Yesterday Caught Alert Eye of Captain Bailey—Says He Was from Boston.

Portland, Oregon, Oct. 2.—Captain Bailey and two local detectives arrested a heavily armed man in front of the Portland Hotel, just as Taft was entering an automobile to participate in the military parade.

Bailey was attracted by the peculiar actions of the man. He had a camera in his hand and was trying desperately to reach a vantage close to the president.

Summoning two detectives, Bailey placed the man under arrest. When searched, a six-shooter was found on him, together with a quantity of extra ammunition.

He refused to give his name, but said that he was from Boston.

ST. LOUIS CAPITALISTS PREPARING TO TAKE OVER COLUMBIA BANK AT OKLAHOMA CITY.

TULSA BANKER AT THE HEAD

C. W. Smith, Who Was President of Farmers State Bank at Tulsa, Likely to Head Reorganized Bank—Success of State Guarantees.

Oklahoma City, Okla., Oct. 2.—It is announced this afternoon that definite plans, looking to a reorganization of the defunct Columbia Bank & Trust Company, may be announced late tonight.

A party of St. Louis capitalists, headed by C. W. Smith, former president of the Farmers State Bank of Tulsa, is credited with being interested in taking over the bank.

It is learned that W. L. Norton, who had charge of the bank when it failed, cannot hope to regain possession of the institution. If the new organization is accepted, the bank will continue in its process of liquidation, the furniture and fixtures will be purchased by the new organization and a new institution created. Then whatever assets of the bank, deemed of sufficient value to purchase, will be taken by the new organization.

Guarantee Law a Success.

New York, N. Y., Oct. 2.—The Oklahoma law guaranteeing bank depositors, has been found to work successfully in the instance of the Columbia Bank & Trust company, which failed for more than \$3,000,000, according to a dispatch received here from A. M. Young, Oklahoma bank commissioner, in which he said "The Oklahoma banking law is a complete success, even against the persistent opposition of a strong element of the other class of bankers. We adjust the affairs of embarrassed state banks with perfect ease in a very few days, and there will be no case whatever. Everybody is in good humor, and conditions are normal. Other state banks are quiet and are gaining in deposits."

WEATHER FORECAST

BRAINS AND SKILL MAKE THE WORLD

Not only do brains and skill count in big things, but they are important in the smaller things. Here's how they count in our business: We have a man who devotes his entire time to shoeing horses. He studies every phase of the business, he makes every shoe to fit the individual foot, and his entire reputation is staked upon this one kind of work, he never slight even the least point. Crippled horses, those with diseased feet, are often made so by improper shoeing. Bring your horse here where we know how to do the shoeing. It costs no more.
